About me

I am a Software Engineering student specializing in programming, particularly in web development. I have a strong interest in gaining knowledge as a Full-Stack Developer or in both fields, Frontend and Backend Development.

Education

202 - 2019 | SMAN 1 KRANGKENG

2022- Now | Politeknik Negeri Indramayu | Software Engineering.| GPA 3.67

In the Software Engineering program at Polindra, students learn the principles and techniques of designing user-friendly and effective software. They also study system analysis, database design, and business application development.
